2026 Replacements

Changes have been made to the design and delivery of some units in your course. These changes will come into effect from 2026.
In most cases a replacement unit will be identified by the school and this change will be reflected on the students study plan.
Notes have been added to certain units to identify that the change is only specific to a particular student cohort.
Additional unit replacements will be added after the enrolments open, if applicable.
